LUXEMBOURG–ARGENTINA DOCUMENTARY TO HOLD AVANT-PREMIÈRE FOR EUROPEAN ARTHOUSE CINEMA DAY 2025

“*Lëtzebuenger an Argentinien*” explores forgotten Luxembourgish roots across generations and continents.

New York/Luxembourg, October 21, 2025 — Connaissance Films is pleased to announce the **avant-première screening** of the documentary film *Lëtzebuenger an Argentinien*, directed and produced by **Daniel Atz**, during the **European Arthouse Cinema Day 2025**.

The screening will take place on **Sunday, November 23, 2025, at 4:00 p.m. at Ciné Utopia (Luxembourg City)**.

SYNOPSIS

Through intimate interviews and evocative archival materials, *Lëtzebuenger an Argentinien* traces the journey of Luxembourgish families who emigrated to Argentina beginning in 1856. Over generations, their descendants lost touch with their heritage—until a global pandemic unexpectedly rekindled their search for identity. What follows is a modern rediscovery of Luxembourgish roots, community, and belonging.

“

This story bridges continents but also time,” says director **Daniel Atz**. “It’s about how identity can fade, yet find its way back through memory, migration, and the will to reconnect.”
